

Thank you note #7

Thank you for being my friend

Yes we are in relationship, but you are my best friend too. I can share literally anything with you without fear of being judge.

We can talk on anything...

From porn to yoga ,

From susu to potty and paddu :P

From "let's make love" to "fuck me like I am your bitch" , and

From my "pata hai aj monika ne kya kiya" to yours "ye naya game hai install kro " :P :P

We can watch anything together...

From cartoon to porn ,

From Sandeep mheshvari to comedy shows ,

From "gandi baat" to "yeh meri family" :P

Just being with you is fun 😊

And I am happy that I am in love with my friend 😊

So yes, thank you so much for being that friend with whom I can drink and dance 😊
