

Thank you note #2

Thank you for being most caring boyfriend ever 😊

You remember the makeover day?? 😊

You did my facial, bleach and hair colour for the first time, in OYO room :P

That was the day I realize how much caring a boy can be for the girl he loves , and you have changed me entirely that day not from only out-side but inside too. I was looking so pretty with that blushy smile you gave me 😊

You got me my favourite kit-kat box :P , and I Knew NO one can ever understand me better than you ...

Thank you for being most caring boyfriend in the world 😊

And It was unexplainable feelings 😊
